

## 800 Watt 1U strømforsyning

## FEATURES

800W PSU  
1 unit, 1U single power  
90~264 VAC full range  
Output: +5V og +3.3V  
47 ~ 63 Hz  
0°C-50°C  
EMI Støjfilter FCC CLASS B, CISPR22 CLASS B  
Mål: H 41 x B 100 x D 275

## SPECIFICATIONS

|                  |   |                                                                           |
|------------------|---|---------------------------------------------------------------------------|
| Driftstemperatur | : | Operating 0°C - 50°C, Storage -20°C - 80°C                                |
| Andet            | : | Hold up TimeE: 16 ms minimum at 115AC Input; 20ms minimum at 230 AC Input |
| Effekt           | : | 80% at 115V Full load                                                     |
| Dimensioner      | : | 275.00x100.00x40.50 (mm)                                                  |
