

## HMI 2.8" Controller Panel med touch. Modbus/TCP. Ethernet og PoE. RTC, GUI

### FEATURES

- 2.8" Touch HMI Device med Ethernet og PoE
- Høj opløselig farve touch screen
- RTC (Real Time Clock)
- GUI design
- Modbus TCP/RTU protokol
- ESD Beskyttelse: 4 kV
- Drifttemperatur: -20 ~ 70°C
- Mål: 127 x 92 x 31 mm

**SPECIFICATIONS**

|                  |   |                                                                                                                                            |
|------------------|---|--------------------------------------------------------------------------------------------------------------------------------------------|
| CPU              | : | 32-bit RISC CPU                                                                                                                            |
| Driftstemperatur | : | -20 ~ +70°C                                                                                                                                |
| Hukommelse       | : | 16 MB SDRAM/16 MB Flash                                                                                                                    |
| IP-Tæthed        | : | Front Panel: IP40                                                                                                                          |
| LCD              | : | 2.8" TFT -Resolution 240 x 320 , 65535 colors                                                                                              |
| Montering        | : | Wall Mount                                                                                                                                 |
| PoE              | : | IEEE 802.3af, Class1 (48 V)                                                                                                                |
| Software         | : | Free HMIWorks development tool Supports C programming language and Ladder Designer Supports the custom communication protocol (C language) |
| Stik             | : | Ethernet interface: RJ-45 x 1, 10/100 Base-TX                                                                                              |
| Touch            | : | Resistive Touch                                                                                                                            |
| Dimensioner      | : | 127 mm x 92 mm x 31 mm                                                                                                                     |
