

## 4 differentielle eller 8 single-ended analog indgange Udvidelsesmoduler til L-CON-LOG serien

### FEATURES

Insert module for L-Con log series  
4 x differential analog inputs 4 - 20mA  
or 8 single-ended analog inputs 4 - 20mA  
Resolution: 12bit  
Sample Rate: 4khz  
2 x Analog Output 4 - 20mA  
Resolution: 12bit  
3 x Digital Input (DRY) - Contact to GND  
3 x Digital Outout (Open Collector) + 40VDC /  
200mA per port  
Dim: 82 x 66 x 13 mm  
with screw terminal block

## SPECIFICATIONS

|         |   |                                                               |
|---------|---|---------------------------------------------------------------|
| Indgang | : | 4 differentielle eller 8 single-ended analoge indgange 0-20mA |
| Indgang | : | 3 stk. logisk 0: Svævende og logisk 1: indgang lagt til stel  |
| Udgange | : | 2 analoge udgange 0-20mA                                      |
| Udgange | : | 3 stk. open collector maks. 200mA/40V                         |
