

Waterproof electronic door magnet, holding force 545 kg, 12 / 24VDC / 6 Watt. Bond-sensor Stainless steel, 100% sealed

FEATURES

- door magnet with clamping force up to 545kg
- Rusfri steel cabinet full sealed with epoxy and is vandal proof
- Equipped with thread for flexible tube to protect the cable
- Supply voltage for team: 12VDC or 24VDC, 6Watt
- Cable change-over between 12 and 24 VDC
- Only holding force when energized
- With Bond Sensor (Lock indicator)
- Operating temperature: -10 to + 55°C
- Magnetic: 220 x 62 x 41 mm
- Door-plate: 185 x 61 x 16 mm
- Anti-magnetic feature
- Weight: ca. 5 kg

SPECIFICATIONS

Operating Temp.	:	-10 - +55°C
Forsyning	:	Valgfri 12VDC eller 24VDC, minimum 6Watt
Weight	:	ca. 5kg
Dimensioner	:	220 x 62 x 41 mm
