

Connect 2 fiber networks together
100/1000/2500Mbit. 2 x SFP slot, 1 x RJ45 Gigabit -40
- +75°C

FEATURES

- Multi-function media converter - has it all!!
- Connect 2 fiber networks with different speeds, e.g. 100Mbit with 1000Mbit
- Connect 2 fiber networks which are Multi Mode and Single Mode
- Media converter with 2 x fiber ports - redundant mode
- Media converter with 2 x fiber ports - switch mode
- Fiber into port 1 and Fiber on from Port 2 with 1 x RJ45
- SFP slot for 100Mbit, 1Gbit, 2.5Gbit SFP transceivers
- The SFP module is standard for LC connectors, duplex, Single Mode / Multi Mode.
- Additional SFP modules.
- 12 - 48VDC redundant and 24VAC
- Power consumption: 4.8 Watt
- Power supply not included
- Dimensions: 135 x 87 x 32 mm
- Weight: 505g
- IP30
- Operating temperature -40 to +75°C
- DIN rail and wall mounting
