

1200Mbit Dual Band 2.5GHz / 5GHz Wave 2 Access Point, Gateway, Repeater, Super WDS. Built-in antennas, POE + or 12VDC

FEATURES

Indoor Access Point, Gateway, Repeater, Super WDS
Ultra High Speed AP With At the Atlictor Serving Users

Access Point, Gateway, Wisp, Repeater, Super Wds
Wave 2 Technology Increases the data amount to the individual User

Dual Band: 2.4GHz (300Mbps) / 5GHz (867Mbps)

High transmission power, adjustable

1 x RJ45 LAN with PoE + input

1 x RJ45 LAN

Supply voltage at non-PoE: 12VDC / 1.5A

Power Jack DC Input connector: 5.5 / 2.1 mm

2 x 2 5dbi built-in antennas

Transmission power: 100mW

Up to 50 users (Clients)

Dim: 186 x 186 X 36 mm

Operating temperature: 0 - + 40 ° C
