

MNU-2424

Liquid level w/ultrasonic sensor for the X-4XX series.

Measurement distance 0 - 12 meters. RS485 bus.

NMEA 6P. 8 - 24VDC 22MA

FEATURES

Liquid depth measurement with RS485 interface

measuring depth: 0 - 12 meters

Operating temperature: -30 - + 140 ° C House: PC / PBT, Cream transducer

Supply voltage: 8 - 24VDC < Br> Objective: Tip Ø

5cm

setup with RST-3002 programming module
