

LC-3220SS-111KN

Load cell in stainless steel. High-precision road cell.  
110kN. To the extremely hard environment. Low  
Profile. Sealed.

## FEATURES

- Load Cell series for the hard environment
- the series is from 12.5n to 445Kn
- current model is to 111Kn
- Temperature compensated Strain Gauge
- %FS: 0.03% High Output: 4mV/V For high accuracy
- very low Deflection
- made of stainless steel
- Hermetical environmental sealed
