

SMA male to TNC male. 50 ohm DC-3GHz coax adapter.

FEATURES

- Antenna connector adapter from TNC male to SMA male
- Some LTE Routers have RTNCF connectors.
- Transition connector for the more flexible antenna cable with SMA
- Coax cables with SMA are for short lengths to minimize losses
- 50 OHM impedance
- Standing wave ratio: 1:1.15
- Frequency range: DC to 3GHz
