

PTC Electric Heater for Rack cabinet. 75 Watt. 120 - 240VAC. To be controlled by external thermostate.
FEATURES

- PTC Heater element with passive air flow
- PTC resistor - temperature limiting
- Extruded aluminum
- DIN-mount bracket
- 110 - 240VAC - 75Watt - L, N, Gnd
- Continuous operation
- Heating power adjust to ambient temperature
- Flame retardant material
- 3 clamp connection
- IP20
