

16 C13 Ports, Smart vertical PDU FEATURES

Supports optional choice of ports from 8 - 12 - 16 - 20 - 24 ports.

The Current changes with the various models 16 - 32 A.

Current and voltage (total input) measurement;

Built in temperature and humidity sensor

Embedded technology, support Java, web browsing;

Two level values of warning and overload can be set;

LED indicates the power supply status of each switch;

LED digital display shows the current voltage and current values;

Provide local operation query button of PDU device;

Built in lightning protection circuit, anti voltage surge circuit, effective protection of the server;

SPECIFICATIONS

Ampere	:	0-20A resolution 0.1 A
Input	:	IEC320 C20*1
Output	:	IEC320 C13*8
Porte	:	RJ 45
Type	:	LIU-0816WN
Volt	:	input 110-240V 50/60Hz
Protection	:	16A overload protection, lightning protection
Dimension	:	442 * 119 * 44.5
Range	:	90-264V AC resolution 1 V
